TEN YEARS FOR IMPROVEMENTS

dent.

WASHINGTON, December 6.—An annual appropriation of at least \$50,000,000 for the improvement and development of internal waterways of America is the gist of the recommendation of the Rivers and Harbors Congress, which concluded its session here to-day. At the opening of to-day's session of the convention telegrams were read from Senator Perkins, industrial organizations, and commercial bodies of California inviting the congress to hold its next annual meeting in San Francisco.

Colonel J. E. Ellison, secretary of the congress, presented his annual report, in which he gave the expenditures on behalf of the work of the congress the past year. The balance on hand, he said, was \$2,727.

What Movement Stands For.

The report included the following resolutions:

"Be it resolved by the National Rivers and Harbors Congress at the present session, containing delegates of every shade of opinion and representing every business interest in the land, standing for a policy, not for a project—

First, that we earnestly urge the adoption by the Federal government of a wise, liberal and comprehensive waterways policy that will provide for the proper improvement within the next ten years of the rivers, waterways and harbors of our country, the improvement of which is justified by present and prospective benefits to commerce.

"Second, that without presuming to prescribe the engineering or the financial details of this great undertaking, this congress strongly urges upon the Congress of the United States the importance of the immediate adoption of a plan of waterway improvement, the carrying out of which work by an adequate number of engineers and of such liberal appropriations annually as will insure the early completion of such projects as may be undertaken.

"Third, that we cordially endorse the action of President Roosevelt in appointing a special Internal Waterways Commission, being confident that its report will prove a source of accurate and valuable information to the American people. We further recommend that Congress enact such laws as will make the Internal Waterways Commission permanent, and will provide it with necessary authority for its investigations and recommendations.

"Fourth, that this congress cordially thanks President Roosevelt for the support he has given to its purposes by his speeches and by his treatment of the subject in his recent message to Congress.

Viewed as Investment.

"Fifth, that we ask Congress to view the river, waterway and harbor appropriations not as the appropriation of money for the current expenses of government, but as an investment in permanent improvements, bound to pay increasing dividends from year to year.

"Viewing these appropriations in this light, Congress is fully warranted in authorizing an annual expenditure, beginning at the present session, of not less than one-half the amount of money required for all the various river, waterway and harbor improvements already planned and approved, and hereafter to be planned and approved, in order that the work may be carried to speedy completion, such appropriation will not less than \$50,000,000 annually; and Congress is further warranted in authorizing the expenditure of the money as needed and in providing for the same, in excess of funds available, by a bond issue similar in character to that for the building of the Panama Canal, whereby part of the cost of these vast improvements will be spread over a succession of years and borne by all who share the benefits."

Without discussion the majority report of the committee was adopted unanimously.

A resolution offered by Mr. Teal, of Oregon, thanking the president of the congress, the officers of the association and the board of directors for the work they had accomplished during the past year was adopted, and President Ransdell was accorded the hearty cheers of the congress.

Officers of the Congress.

The following officers and members of the board of directors of the congress were elected: For President, Jos. E. Ransdell, of Louisiana; for Secretary, J. E. Ellison, of Cincinnati.

POSED AS INDEPENDENT

Vice-President Deins Thus Testifies as to Patterson Tobacco Company.

NEW YORK, December 6.—Caleb C. Dula, vice-president of the American Tobacco Company, in testifying to-day before United States Commissioner Shields, who, in behalf of the United States, is inquiring into the affairs of the American Tobacco Company, admitted that a supposed independent company was controlled by his company, and that an employee of the concern was president of the Independent Manufacturers' Association.

"So, in the independent concern, the Patterson Company was a member of the Independent Tobacco Manufacturers' Association?" asked Mr. MacIntyre.

"I believe so," said the witness. "I believe he did not know much about the independent concern, but I thought some such spirit of opposition to the American company developed about the time of 1904."

The witness was asked about letters containing checks sent by him to Alexander Hamilton at Petersburg, Va. He said Mr. Hamilton was the representative of the Band Tobacco Company. He was not employed by the American Tobacco Company, and witness was not sure what the money was paid for.

"Was not the money paid as a subsidy to the Band Company?"

"I presume so," replied C. Dula.

The hearing was adjourned until Monday.

GOOD PRICE FOR BONDS

Bids Accepted for \$25,000,000 at an Average of 103.

WASHINGTON, D. C., December 6.—The Secretary of the Treasury has accepted bids for the Panama Canal bonds to the amount of \$25,000,000. The average price of all the bids accepted is 103. Under the terms of the law the amount of the disbursement of the bids, the allotment of bonds to individuals and institutions will be confined to the small subscriptions from \$10,000 down to \$20. Amount of bids from individuals and institutions which it has been possible to accept will be \$15,000,000. The remainder of the \$25,000,000 will be taken up by the sale of bonds to national banks. The bids accepted have come from every section of the country and mostly in small amounts.

The offering of Panama Canal bonds was largely over-subscribed, but the improvement in business conditions following the law of the disbursement of the bonds, the allotment of bonds to individuals and institutions will be confined to the small subscriptions from \$10,000 down to \$20. Amount of bids from individuals and institutions which it has been possible to accept will be \$15,000,000. The remainder of the \$25,000,000 will be taken up by the sale of bonds to national banks. MRS. HENDERSON TO MARRY

Well-Known Virginia Horsewoman to Wed Mr. Nicholas Dunn.

(Special to The Times-Dispatch.)

WINCHESTER, VA., December 6.—An engagement was made to-day of the approaching marriage of Mrs. Dorothy Henderson and Mr. Nicholas Dunn, both of Millwood. The wedding will take place on December 20th.

Mrs. Henderson is one of the best-known and most expert lady riders in Virginia, and for several years past has been a prominent figure in the horse shows in this and other States. Mr. Dunn is a wealthy horse owner and turfman, who came to Virginia several years ago from England.

Mrs. Henderson is the daughter of Mrs. Randolph of Clark County. She was formerly Miss Dorothy Henry. Several years ago she married Jack Henderson, a well-known turfman, from whom she has since been divorced. The wedding will take place in the home of Mr. Dunn, near Leesburg.

PRESIDENT'S BEAR DINNER

Louisiana Hunters Give an Brain Flesh at the White House.

WASHINGTON, D. C., December 6.—President Roosevelt entertained at dinner to-night a number of bear-hunters from the Louisiana canebrakes. The dinner guests included Clive and Harry Metcalf, of Tennessee; Mr. famous bear hunter, John and Harry Metcalf, of Louisiana; John M. Parker, Major Amacker, Mr. Vasey, Surgeon-General Riker, Postmaster-General Meyer, Assistant Secretary Bacon, Secretary Loebl, C. F. and Pilot, Representative Randall, of Louisiana; Mr. Dickinson, Colonel Cecil Lyon and Captain Fitzhugh Lee. Bear meat was served.

KILLED WITH TEN-PIN BALL

Blow Dealt Wymt Stanley by Al Lindamood, Results in Death.

(Special to The Times-Dispatch.)

ROANOKE, VA., December 6.—Wyatt Stanley, a young man of Roanoke, died at the hospital to-day from the effects of a blow dealt him by a ten-pin ball at Compton's Alley by Al Lindamood.

The young men were playing, and fell and had a quarrel. Lindamood threw twice at Stanley and the second ball struck him on the side of his head, crushing his skull. Lindamood was arrested.

GRAFT 1,974 PIECES OF SKIN

Massachusetts Former Grafts Own Cuticle to Aid Wife, Victim of Burns.

WESTBORO, MASS., December 6.—One of the most remarkable skin grafting achievements on record was completed yesterday at the farm of J. C. Kentler, when the last of 1,974 pieces of skin was placed on the arm of Mrs. Kentler. All the pieces were taken from the arms and legs of the husband. The operation has lasted more than three months.

Mrs. Kentler was severely burned in a kerosene explosion last July, the right side of her body and her face being left without skin. The entire side is now covered.

AGED MAN FRACTURES HIP

BY FALL ON PLANK WALK

(Special to The Times-Dispatch.)

MONTGOMERY, VA., December 6.—Osborne Wilson, a prominent citizen of Montgomery, sustained serious injury by a fall on the plank walk yesterday. Mr. Wilson is advanced in years, and his fall was very unfortunate along this line in recent years. He was but partially recovered from injuries received in a runaway, or rather, by being knocked down by a runaway horse. His present injury is a fractured hip, and he is almost entirely helpless.

NO WEAKNESS TO BE TOLERATED

Benefits of Recent
Insurance Inquiry.

NEW YORK, December 6.—Grover Cleveland presided at the annual meeting of life insurance presidents, which was held to-day at the Hotel Belmont. Several State commissioners of insurance from various States attended the meeting. The satisfaction of a closer and more intimate relationship between the life insurance companies and their policyholders was advocated by Mr. Cleveland in an address.

"With fairness and liberality on the part of the companies," said Mr. Cleveland, "and an exact understanding of what the policies mean on the part of the assured, they ought to be friends with a mutual interest in everything that affects the rights and fair treatment of the company."

"The mass of common people of the land," Mr. Cleveland said, "regard life insurance as a strong defender against the havoc of death and a compassionate benefactor against the deprivations of pitiless want."

"These are the relationships in which your companies stand to your fellow-countrymen," he continued, "and these relationships closely interwoven constitute a powerful, cable-binding life insurance to the immovable rock of popular confidence. You who manage life insurance companies cannot afford to risk weakness in a single one of its threads. Their disintegration through breaches of good faith, through broken promises or through delusive misrepresentation mean a loss of strength which no actuarial mystery nor managerial calculation can repair."

Mr. Cleveland said the companies already have done much to repair the damages disclosed by the insurance investigation. "They have purged themselves of those directly responsible for wrongdoing," he said, "and have adopted methods for the transaction of their business which in most important ways enforce fidelity and honest efficiency. Economies have been introduced, vigor and industry have been stimulated and an enlarged study of the conditions that make for the safest, cheapest and insurance is more than ever deemed essential."

KEEPS PEACE AT GOLDFIELD

Suppressed Excitement, But No Outbreak—Troops Arrive This Morning.

GOLDFIELD, NEV., December 6.—Despite the suppressed excitement among the miners over the ordering of troops here, they are keeping peace in every way. They seem to be disappointed and angry at the rapidly with which the operators are moving, and appear to be totally unprepared for the latest coup. Citizens fear that the miners may make some demonstration, inflamed by the sending of troops, and are using every precaution.

Troops Arrive This Morning.

SAN FRANCISCO, CAL., December 6.—Five companies of the Twenty-second Infantry, stationed at Fort McDowell in this city, and four companies of the same regiment at Monterey, were dispatched to Goldfield, Nev., to-day.

Frederick Funston, commanding the Department of California, in compliance with orders received from the War Department late last night. The troops were ordered to the big mining camp in Nevada by President Roosevelt. In response to an appeal from Governor John Sparks, of Nevada, who apprehends serious trouble as a result of the strike of the miners and an attempt to open the mines with an union labor. As Nevada has no State troops, Governor Sparks called for Federal soldiers. One hundred and fifty men and fourteen officers, under command of Colonel Alfred E. Reynolds, left Oakland on a special composed of four Pullmans and two baggage cars shortly before noon to-day. The Monterey contingent, consisting of 100 men, under Captain Clegg, left that city at 7 o'clock this morning. The San Francisco troops were delayed about two hours near Davisville by the wreck of a freight. Goldfield will be reached by the troops early to-morrow.

NEURO KILLS AN OFFICER.

Atlanta Policeman Shot Down by Man He Would Arrest.

ATLANTA, GA., December 6.—Policeman J. A. Mander, a former sergeant, was shot and instantly killed this afternoon by Andrew Wilson, a negro. Wilson was attempting to arrest Mander, but was later captured. A large crowd gathered when the news was learned that the negro had been captured, but trouble was averted by the timely arrival of police reserves. Johnson has a bad record, and is said to have been drinking.

WAS SHORT OF CURRENCY

Pittsburg Bank Closes Temporarily, But Will Re-Open.

PITTSBURG, PA., December 6.—The Pittsburg National Bank, one of the older financial institutions of the city, failed to open for business to-day. A notice posted on the door was signed by Bank Examiner John B. Cunningham, and stated that the bank had been closed by order of the Comptroller of the Currency. The directors later issued a statement to the effect that a suspension of business was forced by the clearing house committee demanding that the bank immediately raise a large amount of cash which, under existing financial conditions, it could not do without great sacrifice.

The only alternative under which business could be continued was to pay its clearing-house exchange in currency, to do which would exhaust the bank's supply of ready money within a few days. The directors, however, were not prepared to do this, and it was deemed advisable to suspend business. The directors declare in unqualified terms that the institution is solvent, and that depositors will be paid in full, and that the embarrassment is wholly due to the present stringent conditions in the financial world.

No excitement attended the closing of the bank, and at no time during the day was there more than a few loiterers around the bank building.

Too Small Ones Go, Too.

EMPEORIA, GAS., December 6.—The State Bank of Admire, at Admire, Lyon county, with deposits of \$100,000, closed its doors to-day. It had \$28,000 in the failed National Bank of Commerce, of Kansas City.

JEFFERSON CITY, MO., December 6.—The Bank of St. Louis, at St. Louis, Vernon county, a private bank, owned by D. A. Beck, and having \$25,000 deposits, closed to-day. The funds were on deposit with the failed National Bank of Commerce, of Kansas City.

No other institution is involved in the trouble. It is stated in financial circles, and bankers do not regard the suspension as a serious matter, so far as the business interests of the city are concerned.

The Pitt National Bank was organized in 1858. It has a capital stock of \$1,000,000 and a surplus of \$1,000,000, and undivided profits of \$127,809.06. It is one of the most conservative institutions of the city. It had been known for some time that the bank was short of currency, and that its reserve fund was below requirements, so that the suspension did not come as a surprise in financial circles.

DEVELOPMENT OF THE CITY

Denver and Chicago Are Competing for Republican Convention.

WASHINGTON, December 6.—The Republican National Committee which was called to meet here to name a time and place when and at which the Republican National Convention will be held next year, was in session to-day at the Shoreham Hotel to-day, but aside from the election of Acting Chairman Harry S. New to fill the remainder of the unexpired term of Secretary Cortelyou, the business of the session was confined to preliminary details. There are active delegations from both Kansas City and Denver, and while there is no delegation from Chicago, a great deal of work is being done in behalf of that city by Representative Lowden, who is a member of the National Committee, and by several other members who are interested in the cause.

The most interesting feature of the session was the nomination of the roll-call to-day were: Alabama, Charles H. Scott; Arkansas, Powell Clayton; Florida, J. N. Coombs.

RATE TANGLE ADJUSTED

Practical Agreement Reached by Governors of Four Southern States.

(From Our Regular Correspondent.)

WASHINGTON, D. C., December 6.—According to seemingly authoritative information, the passenger rate situation in Georgia, Alabama, North Carolina and Virginia, in so far as the Southern Railroad is directly concerned, will be adjusted in the near future, as the result of conferences among Governors Smith, Comer and Glenn. It is stated they have been in touch with President Finley, of the Southern, and that satisfactory details have about been agreed upon.

Governor Swanson, of Virginia, has not been here, but it is reported that he is familiar with the regulations and also with the situation. When the rate is adjusted, it is said the basis of adjustment will not exceed 2 1/2 cents per mile. This would, of course, vitiate the compromise in Alabama between Governor Comer and the Southern.

REMARKABLE TRAIN WRECK

Cars Derailed and Overturned, But No One Seriously Hurt.

COLUMBUS, GA., December 6.—A Central of Georgia passenger train from Macon to Columbus, Ga., was wrecked at Upatoi, Ga., yesterday morning at 6 o'clock. The train struck a broken rail while going at full speed, left the track and fell over on its side against an embankment. Engineer Ed. Seville, of Macon, fell under his engine, but crawled out with only slight injuries. Several others received painful injuries. No one was fatally injured.

NATIONAL ASSOCIATION OFFICERS.

COLUMBUS, GA., December 6.—The National Association of Manufacturers of sand line products, at its annual meeting here to-day, elected the following officers: President, H. O. Duerr, Wilmington, Del.; Vice-President, F. H. Smith, Wilmington, N. C.; Secretary, Fred K. Irwin, Chicago; Treasurer, W. E. Plumer, Buffalo, N. Y.

Tells an Aged Banker

THIRD-TERM TALK IS THUS ENDED

Washington, D. C., Dec. 6.

President Roosevelt has finally reiterated his determination not to be a candidate for another term in the White House. He told a caller this afternoon that he could not serve beyond his present term. "Somebody else must carry on the work," he concluded.

He was making reply to Samuel Watts, an aged banker of Lewiston, Pa., who had just told him that the American people wanted him to serve another term. It is significant that the President did not seek a politician, and the town is full of them to-night with the Republican National Committee in session, but he took the octogenarian banker into his confidence and made to him the weightiest declaration he has uttered in many months.

For some time there have been strong indications that the President did not desire a nomination.

Since the address of Associate Justice Brewer in New York some weeks ago, in the course of which the distinguished jurist charged the President with playing "hide and seek" with the nomination and the people, several times have been made, which seem to show the President was thinking of making a further statement regarding his determination not to allow himself to be voted for again.

Southern Republicans Loyal.

Despite the declaration of the President that he would not be a candidate for a third term, Southern Republicans are utterly disregarding his announcement of attitude, and are planning to give him a solid Southern vote in the convention. Southern members of the Republican National Committee held a meeting here late this afternoon and laid plans to send a Roosevelt delegation from each of an overwhelming majority of the Southern States. The States represented at the conference were Maryland, Virginia, North and South Carolina, Florida, Alabama, Mississippi, Louisiana and Texas. Georgia was not represented in the convention because the negro member of the National Committee from that State is a strong anti-Roosevelt anti-Taft man.

Tennessee was not represented, nor was Kentucky, nor Arkansas, as the committees from those States are also anti-Roosevelt.

Many Will Try For Honor.

Newell Sanders, chairman of the Republican party of Tennessee, said to-night that the declaration of the President to-day that he would not be a candidate again would not have the slightest effect upon Southern Republicans. "We know," he said, "that if the nomination is offered him he will not decline, but it is not believed the President was anything but entirely sincere when he made the declaration."

It is said that the absolute withdrawal of effect upon Southern Republicans means that not fewer than ten names will be mentioned in connection with the nomination. There is reason for saying that if the nomination of the war secretary is impossible, he will not oppose the nomination of Secretary Cortelyou. But there is not a whisper of his supporting Governor Hughes under any circumstances.

REDUCE NUMBER OF BARS

German Taken Up As Vagrants Complain to Home Government.

SALISBURY, N. C., December 6.—Acting German Consul Sprunt, of Wilmington, N. C., complained to Mayor Boydell yesterday that Alfred Dandridge, George Mope and Willy Schwab, German subjects, represent themselves as being confined in the workhouse here without sufficient cause, and ask for the protection of their government. The men were arrested at Spencer, three miles from Salisbury, on November 27th, charged with vagrancy, and sent to the chain gang for thirty days each. An investigation is being made.

SUNDAY SCHOOL WORKERS OF NORFOLK MAY TAKE UP THE FIGHT.

(Special to The Times-Dispatch.)

NORFOLK, VA., December 6.—A movement has been inaugurated by the Epworth Sunday School teachers to call a conference with the Sunday school teachers of the city, looking to inaugurating a campaign to bring about the reduction of licensed saloons in Norfolk.

The idea is to present a mammoth petition to Council, asking that the number of bars be reduced 50 per cent.

HE HOPES TO GET WELL AND WILL PROBABLY DO SO

(Special to The Times-Dispatch.)

BLACKSTONE, VA., December 6.—The condition of Mr. DeWitt Maxey, whose attempted suicide has already been reported, is such as to cause his family and friends to hope for his recovery. Since regaining consciousness the unfortunate man expresses regrets at his action and wishes to get well.

He has been visited by his brothers, of Buckingham county, where he resided twenty years ago, prior to his coming here.

OKLAHOMA SIX-APPE PASSES

THE JIM CROW LAW

GUTHRIE, OKLA., December 6.—The Jim Crow bill passed the Senate this afternoon by a vote of 38 yeas, 3 nays, four absentees and one excused. The bill will become effective in sixty days after being signed by the Governor.

PRAYS AT WIFE'S GRAVE

Payline Scrapes Snow Off, Kneels the Mound, and Offers fervent Prayer.

(Special to The Times-Dispatch.)

NEWPORT NEWS, VA., December 6.—Julian Pavlinic, the Austrian who killed his wife, and who is under sentence to serve fourteen years in the penitentiary, was brought to this city from Hampton to-day and allowed to visit the grave of his wife in the cemetery here.

Calmly scraping the snow from the mound, the murderer knelt the earth three times. Then he placed at the head of the grave a board, upon which he had written the name of the dead woman and a number. He knelt and prayed for himself and the soul of his wife, thanking God that he had killed her.

After leaving the cemetery Pavlinic was brought here by the officers and given a "turkey and beer" dinner. Then he was taken to the penitentiary at Richmond to begin serving his sentence. Pavlinic admits that he killed his wife, but says he did it in accordance with a promise. He claims that he vowed to the woman that he would kill her if she ever showed symptoms of insanity.

WOMAN BURNED TO DEATH

Aged and Invalid Negro Loses Her Life in Burning House.

(Special to The Times-Dispatch.)

MANAKIN, VA., December 6.—The humble dwelling of Stephen Jones, a hardworking and respected colored man, near here, was destroyed by fire this afternoon, and his invalid wife was burned to death in the house.

Jones was out in the field at work, and his wife was alone in the house. The fire broke out in the kitchen, and the whole place was in flames before anybody could get to the house.

The Jones woman was about sixty years old and was paralyzed some time ago. All the out-houses and all of the old man's crop for the year were burned.

TO CONFER AS TO RATES

Meeting of Railway Commissioners of Southern States in Called.

MONTGOMERY, ALA., December 6.—The Alabama railroad commission has requested a meeting with the railroad commissioners of Mississippi, Florida, Tennessee, Georgia, North Carolina, South Carolina and Virginia for the discussion of the questions now arising in State regulation of traffic lines. The idea is to get a uniform plan with regard to rates, schedules, depots, demurrage and other problems. The commission has also issued an order that no railroad should be permitted to send a passenger train without first getting permission from the commission.

SHIPS LIMP INTO PORT

Officers and Crew Tell of Battle With Tempest Off Hatteras.

NORFOLK, VA., December 6.—The officers and crews of the big English tramp steamers Wavelet and Ribston bound from Gulf Port, Miss., and Mobile, Ala., to Hamburg, told thrilling stories of the battle off Cape Hatteras Wednesday in a seventy-mile race on reaching this port to-day for coal. Both ships limped into port, the Wavelet being severely pounded, but receiving no material damage, while the Ribston was damaged, and the crew of the Ribston was over of commission. Both were four days overdue. Several of the crew were injured in the battle with the tempest. The Ribston will be delayed several days for necessary repairs.

SCHOONER HUSTON SUNK

Comes in Collision With the Pawnee and Goes Down.

PHILADELPHIA, PA., December 6.—A schooner, the Huston, bound for Philadelphia, for Newport News, loaded with coal, was sunk in the Delaware River last night in a collision with the Clyde Line steamer Pawnee. The steamer was bound from this city for New York, and the collision occurred below the League Island navy yard. The crew of the schooner escaped and were taken on board the Pawnee and brought to this city, after which the Pawnee proceeded to New York.
